

# 2019 Mathematics Research Communities

Opportunity for Researchers in All Areas of Mathematics

How would you like to organize a weeklong summer conference and ...

- Spend it on your own current research with motivated, able, early-career mathematicians;
- Work with, and mentor, these early-career participants in a relaxed and informal setting;
- Have all logistics handled;
- Contribute widely to excellence and professionalism in the mathematical realm?

These opportunities can be realized by **organizer teams** for the American Mathematical Society's Mathematics Research Communities (MRC).

Through the MRC program, **participants** form self-sustaining cohorts centered on mathematical research areas of common interest by:

- Attending one-week topical conferences in the summer of 2019;
- Participating in follow-up activities in the following year and beyond.

Details about the MRC program and guidelines for organizer proposal preparation can be found at [www.ams.org/programs/research-communities/mrc-proposals-19](http://www.ams.org/programs/research-communities/mrc-proposals-19).

**The 2019 MRC program is partially supported by a grant from the National Science Foundation.**

SEND PROPOSALS FOR 2019 AND  
INQUIRIES FOR FUTURE YEARS TO:

Mathematics Research Communities  
American Mathematical Society

Email: [mrc2019@ams.org](mailto:mrc2019@ams.org)

Mail: 201 Charles Street, Providence, RI 02904

Fax: 401-455-4004

Proposals received by November 30, 2017,  
will receive full consideration.
