**Important Information About AMS Meetings:** Potential organizers, speakers, and hosts should refer to page 88 in the January 2018 issue of the Notices for general information regarding participation in AMS meetings and conferences.

**Abstracts:** Speakers should submit abstracts on the easy-to-use interactive Web form. No knowledge of \LaTeX{} is necessary to submit an electronic form, although those who use \LaTeX{} may submit abstracts with such coding, and all math displays and similarly coded material (such as accent marks in text) must be typeset in \LaTeX{}. Visit [www.ams.org/cgi-bin/abstracts/abstract.pl/](http://www.ams.org/cgi-bin/abstracts/abstract.pl/) Questions about abstracts may be sent to abs-info@ams.org. Close attention should be paid to specified deadlines in this issue. Unfortunately, late abstracts cannot be accommodated.

Local Information and Maps
This meeting will take place on the campus of The Ohio State University. A campus map can be found at www.osu.edu/map. Information about The Ohio State University Mathematics Department can be found at math.osu.edu. Please visit the university website at www.osu.edu for additional information on the campus.

Please watch the AMS website at www.ams.org/meetings/sectional/sectional.html for additional information on this meeting.

Parking
Visitors and guests to The Ohio State University are required to purchase parking any time they park on campus. All parking on campus is allocated and signed for specific uses, and parking regulations are enforced 24/7. Visitor parking is available in parking garages, prevalent in the dense Academic Core and Wexner Medical Center areas, or surface lots, typically located in less dense areas along the campus perimeter.

CampusParc provides several garage options for visitor parking. Hourly parking rates are posted at the entrance of each pay facility and can also be found at osu.campusparc.com/home/visitors-patients/visitor-parking/garage-parking. All garage fees are due upon exit. Credit cards are accepted.

Most visitor garages are equipped with pay-on-foot machines. Customers receive a white entry ticket and keep it with them to make payment prior to returning to their vehicle, reducing backups at the exit gate. Once payment is made, customers receive a returned paid/validated ticket for use at the exit gate. Pay-on-foot machines accept cash, credit, and vouchers. NOTE: Cash is not accepted at the exit gate.

In garages not equipped with pay-on-foot machines, payment is made at the exit gate. Upon arrival at the exit gate, the customer should insert the white entry ticket into the pay-in-lane machine and pay the displayed amount due. Pay-in-lane machines accept cash, credit, and vouchers. Credit cards are the preferred method of payment to expedite exit. NOTE: Pay-in-lane machines give change in coin only.

Receipts for paid parking are offered from payment machines at the time of payment. If a receipt is not printed, customers can email osuinfo@campusparc.com with the time, date, garage location, and amount charged to receive a copy of their receipt via email.

Surface lot payment options include single-space meters placed in high-demand areas to facilitate short-term parking. Meters are available to anyone (CampusParc permit holders or visitors) on campus provided that the meter fees are paid. All meters take US quarters, dimes, and nickels only; the maximum time allowed is posted on each meter.

Some surface lots include Pay-by-Plate machines located throughout campus to allow visitors to purchase parking. To pay for parking, walk to the nearest Pay-by-Plate machine (clearly marked by directional signs). Enter your license plate number and select the form of payment and amount of parking time desired, as indicated by printed instructions on the Pay-by-Plate machine. Since verification of payment is done via license plate, it is imperative to enter your license plate information correctly. Please verify all information before finalizing your transaction. Machines do not provide change or refunds.

Check the campus parking map for Pay-by-Plate locations at osu.campusparc.com/docs/default-source/maps/campus-parking-map.pdf?sfvrsn=67.

Surface lot visitor permits may be purchased at the CampusParc Customer Service Center. Central Campus visitor permits are valid in any unrestricted surface lot spaces. Paid hourly parking is required for vehicles parked in marked hourly spaces, at single-space meters, or in parking garages. Permits are available in daily increments which are good for one calendar day. Vehicles parked overnight require the purchase of multiple day permits or paid hourly parking.

A list of university parking rates are available at osu.campusparc.com/docs/default-source/documents/ ratetable.pdf?sfvrsn=22.
Travel
This meeting will take place on the main campus of The Ohio State University located in Columbus, Ohio.

By Air: The John Glenn Columbus International Airport (CMH) is about 20 minutes from the Ohio State University and is the most convenient air travel choice. Please note, the drive could take longer during rush hour traffic. Please visit the airport web site for a list of airlines and lists of cities with daily direct flights; flycolumbus.com.

There are several options available for transportation to and from the airport.

The Central Ohio Transit Authority (COTA) provides direct bus service between the airport and downtown for only US$2.75. It's called AirConnect, an affordable and easy way to reach downtown hotels and the Greater Columbus Convention Center. Purchase your ride pass with a credit card at the bus stop, which is just to the right of the taxi station. COTA's AirConnect service runs every 30 minutes, 7 days a week. Once downtown, COTA operates dozens of bus lines, including the free CBUS that connects the Brewery District, downtown and the Short North together. More details and a map of downtown Columbus AirConnect stops are available at www.cota.com/how-to-ride/airconnect. The COTA bus now provides real time updates on Google Maps and the COTA transit app.

Taxis and pick-up locations for ridesharing services are available on the ground transportation level of the terminal 24 hours a day. The electronic meter will compute your fare from John Glenn International to your destination.

The approximate fare to travel to downtown Columbus is US$25. For a rate chart of taxi fares visit flycolumbus.com/getting-to-from/taxis-rideshare. There are dozens of bus lines, including the free CBUS that connects the Brewery District, downtown and the Short North together. More details and a map of downtown Columbus AirConnect stops are available at www.cota.com/how-to-ride/airconnect. The COTA bus now provides real time updates on Google Maps and the COTA transit app.

By Bus: The Columbus Greyhound Station is located at 111 E. Town Street in Columbus, about 5 miles from campus. For tickets and travel information visit their website www.greyhound.com/default.aspx.

By Car: From John Glenn Columbus International Airport: From International Gateway follow signs for Interstate 670 W/US 62 W/Columbus. Take exit 2B to merge onto OH-315 N and take the Medical Ctr Dr exit toward King Ave.

From Ohio State University Airport: Follow W Case Rd and Godown Rd to Bethel Rd. Take OH-315 S to Ackerman Rd (signs for Ackerman Road/Dodridge St).

Car Rental: Hertz is the official car rental company for the meeting. To make a reservation accessing our special meeting rates online at www.hertz.com, click on the box “I have a discount”, and type in our convention number (CV): CV#04N30008. You can also call Hertz directly at 800-654-2240 (US and Canada) or 1-405-749-4434 (other countries). At the time of reservation, the meeting rates will be automatically compared to other Hertz rates and you will be quoted the best comparable rate available.

If you discover you do need a visa, the National Academies website (see above) provides these tips for successful visa applications:

* Visa applicants are expected to provide evidence that they are intending to return to their country of residence.

Local Transportation
Walking, biking and personal cars are recommended to get around campus and Columbus.

By Bus: The Campus Area Bus Service (CABS) is a free transit service provided by The Ohio State University Transportation and Traffic Management. CABS is dedicated to providing clean, reliable, and hassle-free transportation on and around Ohio State’s Columbus Campus. For schedules and routes visit ttm.osu.edu/cabs.

Bike Share: This program offers university students, faculty and staff members, and campus visitors an alternative option to traveling across campus and support the “park once” philosophy. Visitors can choose from the public annual rate of US$75 or choose a 24-hour rental at US$6 a day. Payment options include BuckID and credit card. Ride up to 2 hours at a time during the week; 3 hours at a time on weekends. Visit ttm.osu.edu/bikeshare to sign up.

Other options: Other local transportation options include Uber: www.uber.com and Lyft: www.lyft.com.

Weather:
The average weather in March in Columbus, Ohio is characterized by rapidly rising daily high temperatures, with daily highs increasing by 12°F, from 45°F to 57°F over the course of the month, and rarely exceeding 73°F or dropping below 31°F. Attendees are advised to wear coats and layered clothing. The weather can be unpredictable so umbrellas are also recommended.

Social Networking:
Attendees and speakers are encouraged to tweet about the meeting using the hashtag #AMSmtg.

Information for International Participants:
Visa regulations are continually changing for travel to the United States. Visa applications may take from three to four months to process and require a personal interview, as well as specific personal information. International participants should view the important information about traveling to the US found at travel.state.gov/content/travel/en.html. If you need a preliminary conference invitation in order to secure a visa, please send your request to cro@ams.org.

If you discover you do need a visa, the National Academies website (see above) provides these tips for successful visa applications:

* Visa applicants are expected to provide evidence that they are intending to return to their country of residence.
Therefore, applicants should provide proof of “binding” or sufficient ties to their home country or permanent residence abroad. This may include documentation of the following:
- family ties in home country or country of legal permanent residence
- property ownership
- bank accounts
- employment contract or statement from employer stating that the position will continue when the employee returns;
* Visa applications are more likely to be successful if done in a visitor’s home country than in a third country;
* Applicants should present their entire trip itinerary, including travel to any countries other than the United States, at the time of their visa application;
* Include a letter of invitation from the meeting organizer or the US host, specifying the subject, location and dates of the activity, and how travel and local expenses will be covered;
* If travel plans will depend on early approval of the visa application, specify this at the time of the application;
* Provide proof of professional scientific and/or educational status (students should provide a university transcript).

This list is not to be considered complete. Please visit the websites above for the most up-to-date information.

Kirsten Wickelgren, Georgia Institute of Technology, Title to be announced.
