AMS MARY P. DOLCIANI PRIZE FOR EXCELLENCE IN RESEARCH

This prize is funded by a grant from the Mary P. Dolciani Halloran Foundation. Mary P. Dolciani Halloran (1923–1985) was a gifted mathematician, educator, and author. She devoted her life to developing excellence in mathematics education and was a leading author in the field of mathematical textbooks at the college and secondary school levels.

The AMS Mary P. Dolciani Prize for Excellence in Research recognizes a mathematician from a department that does not grant a PhD who has an active research program in mathematics and a distinguished record of scholarship. The primary criterion for the prize is an active research program as evidenced by a strong record of peer-reviewed publications.

Additional selection criteria may include the following:

- Evidence of a robust research program involving undergraduate students in mathematics;
- Demonstrated success in mentoring undergraduates whose work leads to peer reviewed publication, poster presentations, or conference presentations;
- Membership in the AMS at the time of nomination and receipt of the award is preferred but not required.

The prize amount is $5,000, awarded every other year for five award cycles. The first award will be made in 2019.

Further information about AMS prizes can be found at the Prizes and Awards website: [www.ams.org/prizes](http://www.ams.org/prizes)
Further information and instructions for submitting a nomination can be found at the prize nomination website: [www.ams.org/nominations](http://www.ams.org/nominations)
