“There's not enough room
in seventeen syllables
to contain infin—”

by Teena Carroll, From *Math in Seventeen Syllables: A Folder of Mathematical Haiku*,
J. Humanistic Math. 8 (Jan. 2018), scholarship.claremont.edu/jhm/vol8/iss1/22.

For a probable prime which on a phone screen looks like a giraffe, see tinyurl.com/ycuy77we.
