Mathematics Opportunities

Listings for upcoming mathematics opportunities to appear in Notices may be submitted to notices@ams.org.

Early Career Opportunity

Project NExT 2019–2020

MAA Project NExT (New Experiences in Teaching) is a year-long professional development program of the Mathematical Association of America (MAA) for new or recent PhDs in the mathematical sciences. The program is designed to connect new faculty with master teachers and leaders in the mathematics community and to address the three main aspects of an academic career: teaching, research, and service. The program welcomes and encourages applications from new and recent PhDs in postdoctoral, tenure-track, and visiting positions. Applicants who will be starting new academic positions in the fall of 2019 should apply by April 15, 2019. For applications and further information, see www.maa.org/programs/faculty-and-departments/project-next.

Call for Nominations for Graham Wright Award

The Graham Wright Award for Distinguished Service of the Canadian Mathematical Society (CMS) recognizes individuals who have made sustained and significant contributions to the Canadian mathematical community and, in particular, to the CMS. The deadline for nominations is April 30, 2019. See cms.math.ca/Prizes/dis-nom.

Early Career Opportunity

CAS-TWAS President’s PhD Fellowship Program

The World Academy of Sciences (TWAS) and the Chinese Academy of Sciences (CAS) are collaborating on the CAS-TWAS President’s Fellowship Program, which provides non-Chinese students and scholars an opportunity to pursue doctoral degrees at the University of Chinese Academy of Sciences (UCAS), the University of Science and Technology of China (USTC), or institutes of CAS around China. The deadline for application is March 31, 2019. For more information and instructions for applying, see https://twas.org/opportunity/cas-twas-presidents-phd-fellowship-programme.

Early Career Opportunity

International Mathematical Union Breakout Graduate Fellowships

The International Mathematical Union (IMU) Breakout Graduate Fellowship program offers a limited number of complete grants, with a duration of up to four years, for excellent students from developing countries to earn a doctoral degree. The IMU invites professional mathematicians to nominate highly motivated and mathematically talented students from developing countries who plan to complete a doctoral degree in mathematical sciences in a developing country. The deadline for the 2019 Call for Nominations is May 30, 2019. More information is available at https://www.mathunion.org/cdc/scholarships/graduate-scholarships.

NEWS

Early Career Opportunity
Call for Nominations for Aisenstadt Prize

The Centre de Recherches Mathématiques (CRM) seeks nominations for the André Aisenstadt Mathematics Prize, which recognizes outstanding research by a young Canadian mathematician. Deadline for nominations is March 1, 2019. See www.crm.umontreal.ca/prix/prixAndreAisenstadt/prix_attributionAA.an.shtml.

Small grants go a long way.

Your gift to AMS Graduate Student Chapters helps provide influential programming for graduate mathematics students. Each chapter receives $500 a year with which they create programming to fit their needs. Chapters have invited guest speakers, held Python language training, hosted interdisciplinary conferences, and more.
