Conversational Problem Solving

Richard P. Stanley, *University of Miami, Coral Gables, FL*

This book features mathematical problems and results that would be of interest to all mathematicians, but especially undergraduates (and even high school students) who participate in mathematical competitions such as the International Math Olympiads and Putnam Competition. The format is a dialogue between a professor and eight students in a summer problem-solving camp.

Papers in Honor of
Martin Gardner
and Tom Rodgers

Thane Plambeck, *Counterwave, Inc., Palo Alto, CA* and Tomas Rokicki, *Editors*

The Gathering 4 Gardner is a biannual conference founded—and for many years organized—by Tom Rodgers to celebrate the spirit of Martin Gardner. This volume is a tribute to Rodgers and Gardner.
