The **Memoirs of the European Mathematical Society** publish outstanding research contributions in individual volumes, in all areas of mathematics and with a particular focus on works that are longer and more comprehensive than usual research articles.

The Editorial Board consists of the Editors-in-Chief of the *Journal of the European Mathematical Society* and the *EMS Surveys in Mathematical Sciences*, along with editors of book series published by EMS Press.

Publication begins in January 2022. Each volume will be available individually or as part of an annual subscription.

Submissions are now open. All submitted works will go through a highly selective peer-review process.
