Employment Opportunities

RHODE ISLAND

ICERM Partnerships for Research Innovation in the Mathematical Sciences

The Institute for Computational and Experimental Research in Mathematics (<https://icerm.brown.edu/>) is proud to be an eligible partner in the NSF Division of Mathematical Sciences' Partnerships for Research Innovation in the Mathematical Sciences (https://www.nsf.gov/pubs/2023/nsf23560/nsf23560.htm?WT.mc_ev=click&WT.mc_id=&utm_medium=email&utm_source=govdelivery)! PRIMES is a new funding opportunity to build lasting ties between DMS-supported math research institutes and minority-serving institutions. Eligible Historically Black Colleges and Universities, Hispanic-Serving Institutions, Tribal Colleges and Universities, and Asian American and Pacific Islander-Serving Institutions are invited to submit a proposal nominating a faculty member to serve as a co-Principal Investigator alongside a Director, Associate Director, or equivalent, at one of the eligible partner institutes.

We would like to invite faculty at eligible minority-serving institutions to start the PRIMES process by applying to participate in one of the following ICERM semester programs: 'Topology and Geometry in Neuroscience' (Fall '23), where leading researchers at the interfaces of topology, geometry and neuroscience will take stock of recent work and outline future directions; 'Numerical PDEs: Analysis, Algorithms, and Data Challenges' (Spring '24), where researchers will discuss the current state-of-the-art and emerging trends in computational PDEs; 'Theory, Methods,

and Applications of Quantitative Phylogenomics' (Fall '24), where mathematicians, statisticians, computer scientists, and experimental biologists will come together to address the challenges involved in genome-scale phylogenetic inference; and 'Geometry of Materials, Packings, and Rigid Frameworks' (Spring '25), where researchers will integrate diverse fields of discrete mathematics, geometry, theoretical computer science, mathematical biology, and statistical and soft matter physics.

CHINA

Tianjin University, China Tenured/Tenure-Track/Postdoctoral Positions at the Center for Applied Mathematics

Dozens of positions at all levels are available at the recently founded Center for Applied Mathematics, Tianjin University, China. We welcome applicants with backgrounds in pure mathematics, applied mathematics, statistics, computer science, bioinformatics, and other related fields. We also welcome applicants who are interested in practical projects with industries. Despite its name attached with an accent of applied mathematics, we also aim to create a strong presence of pure mathematics.

Light or no teaching load, adequate facilities, spacious office environment and strong research support. We are prepared to make quick and competitive offers to self-motivated hard workers, and to potential stars, rising stars, as well as shining stars.

The *Notices Classified Advertising* section is devoted to listings of current employment opportunities. The publisher reserves the right to reject any listing not in keeping with the Society's standards. Acceptance shall not be construed as approval of the accuracy or the legality of any information therein. Advertisers are neither screened nor recommended by the publisher. The publisher is not responsible for agreements or transactions executed in part or in full based on classified advertisements.

The 2023 rate is \$3.65 per word. Advertisements will be set with a minimum one-line headline, consisting of the institution name above body copy, unless additional headline copy is specified by the advertiser. Headlines will be centered in boldface at no extra charge. Ads will appear in the language in which they are submitted. There are no member discounts for classified ads. Dictation over the telephone will not be accepted for classified ads.

Upcoming deadlines for classified advertising are as follows: September 2023—June 23, 2023; October 2023—July 21, 2023; November 2023—August 25, 2023; December 2023—September 22, 2023.

US laws prohibit discrimination in employment on the basis of color, age, sex, race, religion, or national origin. Advertisements from institutions outside the US cannot be published unless they are accompanied by a statement that the institution does not discriminate on these grounds whether or not it is subject to US laws.

Submission: Send email to classifieds@ams.org.

SOUTH KOREA

**Korea Institute for Advanced Study (KIAS)
Call for Applications: Positions
in Pure and Applied Mathematics**

Founded in 1996, KIAS is committed to the excellence of research in basic sciences, namely mathematics, theoretical physics, and computational sciences, through high-quality research programs and a strong faculty body consisting of distinguished scientists and visiting scholars.

The School of Mathematics and the Center for Mathematical Challenges boast internationally-renowned faculty members whose research bring prestigious visitors from diverse research areas, nurturing a research environment that encourages interaction and collaboration not only on-campus but beyond.

Qualified, outstanding candidates in the field are encouraged to frequently check Mathjobs.org and KIAS Jobs website (<https://jobs.kias.re.kr>), where detailed information is updated when faculty and postdoctoral research fellow positions become available.

The Center for Applied Mathematics, also known as the Tianjin Center for Applied Mathematics (TCAM), located by a lake in the central campus in a building protected as historical architecture, is jointly sponsored by the Tianjin municipal government and the university. The initiative to establish this center was taken by Professor S. S. Chern. Professor Molin Ge is the Honorary Director, Professor Zhiming Ma is the Director of the Advisory Board. Professor William Y. C. Chen serves as the Director.

TCAM plans to fill in fifty or more permanent faculty positions in the next few years. In addition, there are a number of temporary and visiting positions. We look forward to receiving your application or inquiry at any time. There are no deadlines.

Please send your resume to mathjobs@tju.edu.cn.

For more information, please visit cam.tju.edu.cn or contact Mr. Albert Liu at mathjobs@tju.edu.cn, telephone: 86-22-2740-6039.

Member Benefit Reminder

If you wish to receive a print copy of either *Notices of the AMS* or *Bulletin of the AMS* in addition to the electronic version, please select that option in your online profile. We encourage you to also take a moment to ensure that your mailing address and other information is up to date.

1. Log in to your member profile at www.ams.org/account.
2. In the Membership column, click "Edit" next to *Notices* or *Bulletin*, which will open a new webpage.
3. Next to *Notices* and/or *Bulletin*, remove the checkmark on "Opt Out of Paper."
