Employment Opportunities

ILLINOIS

University of Chicago—Assistant Professor

Position Description
The University of Chicago Department of Mathematics invites applications for the position of Assistant Professor. Successful candidates are typically two to four years past the PhD. These positions are intended for mathematicians whose work has been of outstandingly high caliber. Appointees are expected to have the potential to become leading figures in their fields. The appointment is generally for four years, with the possibility for renewal. The teaching obligation is up to three one-quarter courses per year.

Applicants are strongly encouraged to include additional information related to their teaching experience, such as evaluations from courses previously taught, as well as an AMS cover sheet. If you have applied for an NSF Mathematical Sciences Postdoctoral Fellowship, please include that information in your application, and let us know how you plan to use it if awarded. Questions may be directed to matwimberly@uchicago.edu. We will begin screening applications on October 1, 2023. Screening will continue until all available positions are filled.

Qualifications
Completion of a PhD in mathematics or a closely related field is required at the time of appointment.

Application Instructions
Required materials are: (a) a cover letter, (b) a curriculum vitae, (c) three or more letters of reference, at least one of which addresses teaching ability, (d) a description of previous research and plans for future mathematical research and (e) a teaching statement.

Applications must be submitted online through https://www.mathjobs.org/jobs/list/22662.

Equal Employment Opportunity Statement
All University departments and institutes are charged with building a faculty from a diversity of backgrounds and with diverse viewpoints; with cultivating an inclusive community that values freedom of expression; and with welcoming and supporting all their members.

We seek a diverse pool of applicants who wish to join an academic community that places the highest value on rigorous inquiry and encourages diverse perspectives, experiences, groups of individuals, and ideas to inform and stimulate intellectual challenge, engagement, and exchange. The University’s Statements on Diversity are at https://provost.uchicago.edu/statements-diversity.

The University of Chicago is an Affirmative Action/Equal Opportunity/Disabled/Veterans Employer and does not discriminate on the basis of race, color, religion, sex, sexual orientation, gender identity, national or ethnic origin, age, status as an individual with a disability, protected veteran status, genetic information, or other protected classes under the law. For additional information please see the University’s Notice of Nondiscrimination.

The Notices Classified Advertising section is devoted to listings of current employment opportunities. The publisher reserves the right to reject any listing not in keeping with the Society’s standards. Acceptance shall not be construed as approval of the accuracy or the legality of any information therein. Advertisers are neither screened nor recommended by the publisher. The publisher is not responsible for agreements or transactions executed in part or in full based on classified advertisements.

The 2023 rate is $3.65 per word. Advertisements will be set with a minimum one-line headline, consisting of the institution name above body copy, unless additional headline copy is specified by the advertiser. Headlines will be centered in boldface at no extra charge. Ads will appear in the language in which they are submitted. There are no member discounts for classified ads. Dictation over the telephone will not be accepted for classified ads.

Upcoming deadlines for classified advertising are as follows: December 2023—September 22, 2023.

US laws prohibit discrimination in employment on the basis of color, age, sex, race, religion, or national origin. Advertisements from institutions outside the US cannot be published unless they are accompanied by a statement that the institution does not discriminate on these grounds whether or not it is subject to US laws.

Submission: Send email to classads@ams.org.
Job seekers in need of a reasonable accommodation to complete the application process should call 773-834-3988 or email equalopportunity@uchicago.edu with their request.

**University of Chicago—L.E. Dickson Instructor**

**Position Description**
The University of Chicago Department of Mathematics invites applications for the position of L.E. Dickson Instructor. This is open to mathematicians who have recently completed or will soon complete a doctorate in mathematics or a closely related field, and whose work shows remarkable promise in mathematical research. The initial appointment is for a term of up to three years. The teaching obligation is generally four one-quarter courses per year. If you are two or more years post PhD, we encourage you to apply for our Assistant Professor position as well at [https://www.mathjobs.org/jobs/list/22662](https://www.mathjobs.org/jobs/list/22662).

Applicants are strongly encouraged to include additional information related to their teaching experience, such as evaluations from courses previously taught, as well as an AMS cover sheet. If you have applied for an NSF Mathematical Sciences Postdoctoral Fellowship, please include that information in your application, and let us know how you plan to use it if awarded. Questions may be directed to matwimberly@uchicago.edu. We will begin screening applications on October 1, 2023. Screening will continue until all available positions are filled.

**Qualifications**
Completion of all requirements for a PhD in mathematics or a closely related field is required at the time of appointment.

**Application Instructions**
Required materials are: (a) a cover letter, (b) a curriculum vitae, (c) three or more letters of reference, at least one of which addresses teaching ability, (d) a description of previous research and plans for future mathematical research and (e) a teaching statement.

Applications must be submitted online through [https://www.mathjobs.org/jobs/list/22661](https://www.mathjobs.org/jobs/list/22661).

**NEW JERSEY**

The Mathematics Department of Rutgers University—New Brunswick invites applications for the following positions which may be available starting September 2024.

**Tenure Stream Faculty:**
Contingent upon the availability of funding, the department plans to hire a named chair at the Full Professor level, and to also hire at the level of tenure-track Assistant Professor with a particular emphasis in the areas of algebra, algebraic geometry, number theory, discrete mathematics, and data science. However, all exceptional candidates at any level will be considered.

Candidates must have a PhD and have a strong record of research accomplishments in mathematics as well as effective teaching. More details on the search, including priority areas, can be found in the forthcoming Rutgers University—New Brunswick ad listing on mathjobs.org. The normal teaching load for research-active faculty is 2–1.

Review of applications begins November 1, 2023; applications after that date may be considered if the positions have not been filled.

**Hill and Other Assistant Professorships:**
The Hill Assistant Professorship is a three-year non-tenure-track, nonrenewable, postdoctoral appointment. These positions carry a teaching load of 2–1 for research. Contingent upon funding, we will be offering one or more of these positions. Other postdoctoral positions of varying duration and teaching loads may also be available. Candidates should have received a PhD and show outstanding promise of research ability in pure or applied mathematics, as well as a capacity for effective teaching. Review of applications begins December 1, 2023; applications after that date may be considered if the positions have not been filled.

October 2023 Notices of the American Mathematical Society

Teaching Faculty:
Teaching Instructor or Assistant/Associate Teaching Professor in Mathematics. Contingent upon the availability of funding we may have one or more renewable non-tenure-track teaching positions at the level of Teaching Instructor, with the possibility of appointment at a higher level (Assistant or Associate Teaching Professor) for exceptionally well-qualified candidates.

This position has a teaching load of 4–4 (four undergraduate courses in each of the fall and spring semesters), with possible teaching reductions for administrative, advising, or other departmental duties. Applicants should normally have received a PhD and show outstanding evidence of teaching at the undergraduate level. Please see our posting on mathjobs.org.

Application Procedure:
The positions will be posted at mathjobs.org by this fall under Rutgers–New Brunswick.

An applicant should complete the application at mathjobs.org. In addition to the mathjobs application, for each position for which you apply, you must also complete a basic employment application on the Rutgers employment website. The mathjobs listing for each position includes a link to this basic application.

Rutgers, the State University of New Jersey, is an Equal Opportunity / Affirmative Action Employer. Qualified applicants will be considered for employment without regard to race, creed, color, religion, sex, sexual orientation, gender identity or expression, national origin, disability status, genetic information, protected veteran status, military service, or any other category protected by law. As an institution, we value diversity of background and opinion, and prohibit discrimination or harassment on the basis of any legally protected class in the areas of hiring, recruitment, promotion, transfer, demotion, training, compensation, pay, fringe benefits, layoff, termination or any other terms and conditions of employment.

NEW YORK

Director, Engineering Student Success Program

The Albert Nerken School of Engineering of The Cooper Union invites applications for a non-tenure track staff position to be the inaugural director of a new engineering student success program. Candidates with strong backgrounds in mathematics are particularly encouraged to apply. For a complete description, please visit our website: https://cooper.edu/work/employment-opportunities/director-engineering-student-success-program

RHODE ISLAND

Brown University — Mathematics Department

J. D. Tamarkin Assistant Professorship: One or more three-year non-tenured nonrenewable appointments, beginning July 1, 2024. The teaching load is one course one semester, and two courses the other semester and consists of courses of more than routine interest. Candidates are required to have received a PhD degree or equivalent by the start of their appointment, and they may have up to three years of prior academic and/or postdoctoral research experience. Applicants should have a strong research potential, demonstrated excellence in teaching, and a commitment to building a diverse and inclusive community in Mathematics. Field of research should be consonant with the current research interests of the department.

For full consideration, applicants must submit a curriculum vitae, an AMS Standard Cover Sheet, at least three letters of recommendation primarily focused on research, and one letter addressing teaching by November 17, 2023. Applicants are required to identify a Brown faculty member with similar research interests. The cover letter should address the applicant’s commitment to diversity in terms of teaching, research, and activities in the math community, OR applicants may attach a diversity statement if desired. (Later applications will be reviewed to the extent possible.)

Please submit all application materials online at https://www.mathjobs.org.

As an EEO/AA employer, Brown University provides equal opportunity and prohibits discrimination, harassment and retaliation based upon a person’s race, color, religion, sex, age, national or ethnic origin, disability, veteran status, sexual orientation, gender identity, gender expression, or any other characteristic protected under applicable law, and caste, which is protected by our University policies.

TEXAS

Baylor University
Postdoctoral Fellow, Mathematics

Baylor University seeks a postdoctoral fellow in Mathematics to start in August 2024. Details for this position can be found at https://www.mathjobs.org/jobs/711st/22671. Applications must be completed and received by November 26, 2023.

This position is on a renewable twelve-month contract potentially leading to a maximum appointment of three years. Special consideration will be given to applicants with interests aligned with areas of research in the department that include algebra, analysis, applied/computational mathematics, differential equations, mathematical physics,
numerical analysis, representation theory, and topology, with potential interdisciplinary applications.

Located in Waco, Texas, Baylor University is the oldest college in Texas. With a population of around 21,000 students, Baylor is one of the top universities in the nation, having just been named an R1 institution by the Carnegie Classification in 2022. Baylor is also on the honor roll of the “Great Colleges to Work For” from The Chronicle of Higher Education, Baylor offers competitive salaries and benefits while giving faculty and staff the chance to live in one of the fastest-growing parts of the state. Our strategic plan, Illuminate Forward, guides the University as we continue to live up to Baylor’s mission of educating men and women for worldwide leadership and service by integrating academic excellence and Christian commitment within a caring community.

Baylor University is a private not-for-profit university affiliated with the Baptist General Convention of Texas. As an Affirmative Action/Equal Opportunity employer, Baylor is committed to compliance with all applicable anti-discrimination laws, including those regarding age, race, color, sex, national origin, pregnancy status, military service, genetic information, and disability. As a religious educational institution, Baylor is lawfully permitted to consider an applicant’s religion as a selection criterion. Baylor encourages women, minorities, veterans, and individuals with disabilities to apply.

University of Wisconsin–Madison
Department of Mathematics

The Department of Mathematics at UW–Madison is accepting applications for faculty positions beginning August 19, 2024, subject to budgetary approval. Rank will be as assistant professor (tenure-track), associate professor (tenured), or in exceptional cases, professor (tenured). All areas of mathematics will be considered. PhD in mathematics (or related field) is required prior to start of appointment. Faculty members are expected to contribute to the research, teaching, and service missions of the department. Appointment with tenure requires evidence of excellence in scholarly research, teaching, and service. Candidates for a tenure-track position should exhibit evidence of outstanding research potential, normally including significant contributions beyond the doctoral dissertation. The teaching responsibility is two courses per academic year, including both undergraduate- and graduate-level courses, and a strong commitment to excellence in instruction is also expected. An application packet should include a completed AMS Standard Cover Sheet, a curriculum vitae that includes a publication list, and brief descriptions of research and teaching, and a DEI statement addressing past and potential contributions to an inclusive educational environment through research, teaching, and service. Application packets should be submitted electronically to https://www.mathjobs.org/jobs/list/22690. We require three to four letters of recommendation, at least one of which must discuss the applicant’s teaching experiences, capabilities, and potential, sent to the above URL. To ensure full consideration, application packets must be received by November 1, 2023. Applications will be accepted until the position is filled. The University of Wisconsin–Madison is an Affirmative Action, Equal Opportunity Employer and encourages applications from women and minorities. Unless confidentiality is requested in writing, information regarding the applicants must be released upon request. Finalists cannot be guaranteed confidentiality. A background check will be required prior to employment.

AUSTRIA

Assistant Professor (tenure-track) and Professor (tenured) positions in Mathematics

The Institute of Science and Technology Austria invites applications for several open positions in all areas of mathematics.

We offer:

• Thriving international and interdisciplinary research environment with English as the working language
• Highly competitive salary and generous start-up package, ensuring you have the resources necessary to establish and lead a successful research group
• Guaranteed annual base funding including dedicated funding for PhD students and postdocs, enabling you to build up a dynamic research team
• International graduate school with highly selective admissions criteria and a comprehensive educational program, training the next generation of scientific leaders
• PhD program with a unique blend of interdisciplinary coursework and research group rotations, attracting scholars from diverse international backgrounds
• Light teaching load, entirely at the level of graduate students
• Support for acquiring third-party funds
• Tailored leadership program designed to enhance your professional development
• Collaborative atmosphere that promotes interaction, knowledge sharing, and interdisciplinary collaborations among research groups
• Employee Assistance Program, providing support to help you maintain a healthy work-life balance
• Dual-career support, advising your spouse or partner on finding local career opportunities
• Childcare facilities on campus (for children aged 3 months till primary school age)
• Diverse and inclusive working environment, committed to equal employment opportunities
• Close proximity to Vienna, consistently ranked among the most liveable cities worldwide, offering a wealth of cultural and recreational opportunities

Assistant professors receive independent group leader positions with an initial contract of six years, at the end of which they are reviewed by international peers. A positive evaluation leads to promotion to the tenured professor position.

Tenured positions are open to distinguished scientists with several years of experience leading research groups.

ISTA (www.ista.ac.at) is an international institute dedicated to basic research and graduate education in the natural, mathematical, and computational sciences.

At ISTA, we promote a diverse and inclusive working environment and are committed to the principle of equal employment opportunity for all applicants, free of discrimination. We strongly encourage individuals from underrepresented groups to apply.

Take the next step in your academic career and apply at: www.ista.ac.at/jobs/faculty/.

The closing date for applications is October 25, 2023.
