

# AMS-SIMONS TRAVEL GRANTS

Beginning each February 15, the AMS will accept applications for the AMS-Simons Travel Grants program. Each grant provides an early career mathematician with \$2,500 per year for two years to reimburse travel expenses related to research. Individuals who are not more than four years past the completion of their PhD are eligible. Funds also may be available for the awardee's department and institution.

The deadline for applications is  
**March 31** of each year.

For complete details of eligibility and application instructions, visit:
