

ERRATA, VOLUME 19

Clifford C. Brown, *On the finite measures on the closed subspaces of a Hilbert space*, pp. 470–472.

The mapping $\phi: \tilde{f} \rightarrow A\tilde{f}$ is not one-to-one. The main result of the paper is invalid.

ERRATA, VOLUME 19

David Henderson and G. R. Livesay, *Another generalization of Brouwer's fixed point theorem*, pp. 176–177.

Richard B. Thompson pointed out to the authors that the reference on p. 176, line 5 —, to “[2, p. 322]” should be replaced by “[7].” See [7] and [8] for a discussion of the problem.
