

## CORRIGENDA

A. M. OSTROWSKI, "On Gauss' Speeding Up Device in the Theory of Single Step Iteration," *MTAC*, v. 12, 1958, p. 116-132.

p. 124, formula (36), add to the last right-side term the factor  $\xi$ .

p. 124, immediately preceding formula (36), add, "for a sufficiently small positive  $\xi$ ."

p. 124, end of section 21, add, "replacing  $a_1 + a_2$  by  $a_1 + a_2 + \xi(n - 2)$ ."

WALTER GAUTSCHI

NOTES, *MTAC*, v. 12, 1958, p. 319, item (4) announces the publication of the monograph series *Acta Polytechnica*, Applied Mathematics and Computing Machinery Series. The more accurate title of this series is *Acta Polytechnica Scandinavica*, Mathematics and Computing Machinery Series. This joint Scandinavian series is published under the auspices of the Scandinavian Council for Applied Research.
