

**Call for Proposals for Panels, Workshops, and Other  
Events  
at the Joint Mathematics Meetings in San Francisco, CA, January 3-6, 2024  
Send by: April 13, 2023**

<https://meetings.ams.org/math/jmm2024/cfs.cgi>

The AMS solicits proposals for panels, workshops and other events at the 2024 Joint Mathematics Meetings (JMM) to be held January 3-6, 2024 in San Francisco, California.

***We invite proposals that reflect the full spectrum of interests of the  
mathematical sciences community***

The topics of proposals could be in areas in the mathematical sciences, but there are others, such as: creating an inclusive atmosphere in the mathematical sciences community; teaching and learning; professional development and professional concerns, recreational mathematics; and wider issues. Events that connect communities are welcome, such as interdisciplinary workshops or collaborations between mathematical sciences researchers and mathematics education researchers.

**Proposals should include:**

1. Type of event (panel, workshop, other (specify))
2. Title of the event
3. Name, affiliation, email address of each organizer, with one organizer designated as the contact person for all communication about the event, and their website(s), if available
4. Some sessions associate their event with an organization (click here for a partial list); list the organization(s) agreeing to be associated with your event
5. A detailed (character limit: 3000) description of the proposed event, including the intended audience
6. A proposed list of panelists/moderators/speakers and their institutional affiliation whom the organizers plan to invite. Have they agreed to participate?
7. Duration of time requested for the event (pull down: 1 hour, 1.5 hours, 2 hours, 4 hours)
8. Time slots to avoid (where possible)
9. Other JMM events to avoid (where possible)
10. If applicable, a [two-digit MSC \(Mathematics Subject Classification\) number](#) that matches the topic of the event or a [code from the New Expanded Classification System](#) adopted for topics included previously in an MAA or other JMM session

**Proposals for panels, workshops, and other events should be submitted to the  
JMM Program Committee (<https://meetings.ams.org/math/jmm2024/cfs.cgi>)  
by April 13, 2023**

**Further Information:**

Panels, workshops, and other events approved by the Program Committee will normally be allotted a 60-90-minute slot, with the exception of a Professional Enhancement Program (PEP) that could run for 4 hours. Decisions will be made on proposals after the submission deadline has passed.

The number of panels, workshops, and other events in the AMS program at the Joint Mathematics Meetings is limited, and because of the large number of high-quality proposals anticipated, not all can be accepted, nor can all scheduling requests be honored.

Please submit as detailed a proposal for your event as soon as possible for review by the JMM 2024 Program Committee. Organizers of proposals will be notified whether their proposal has been accepted by **May 25, 2023**. Additional instructions and the event schedule will be sent to the contact organizer of each accepted proposal shortly after that deadline.

***We look forward to receiving your submissions***
