Discrete Contin. Dyn. Syst. Ser. B	8	1800	4	5	5	9	9

The Backlog of Research Journals is reported each year in the November issue of the *Notices*. The report covers journals of publishers who have agreed to participate and who continue to provide backlog information. Publishers whose journals are not currently included can request that their journals be added. Such requests should be made in writing to the AMS Executive Director. To be eligible for inclusion in the backlog report, a journal must be on the list of journals receiving cover-to-cover treatment in

*Mathematical Reviews* (<http://www.ams.org/msnhtml/serials.pdf>).

Once a publisher's journals are accepted for inclusion, the publisher must designate a contact person or persons to supply data about the journals to the AMS. While the AMS makes every effort to obtain the data from the designated contacts, if data about a journal is not supplied, then that journal will not appear in the backlog report.
