Notices of the International Congress of Chinese Mathematicians

Editors-in-Chief: Shiu-Yueng Cheng (Hong Kong University of Science and Technology), Ming Chang Kang (National Taiwan University), Kefeng Liu (University of California at Los Angeles), Chi-Wang Shu (Brown University), Lo Yang (Chinese Academy of Sciences) and Shing-Tung Yau (Harvard University)

The *Notices of the International Congress of Mathematicians* (or *ICCM Notices* for short) is the official periodical of the ICCM organization. The *ICCM Notices* brings news, research, and presentation of various perspectives, relevant to Chinese mathematics development and education. Published semi-annually, *ICCM Notices* is of interest to all people — whether of Chinese background or not — who are interested in following Chinese mathematics. ICCM Notices will publish Volume 3 in 2015. Past ICCM Notices contributors include John Coates, Ron Graham, Lo Yang, Horng-Tzer Yau, Shing-Tung Yau and Yitang Zhang. The *ICCM Notices* is supported by the Center of Mathematical Sciences, Zhejiang University, the Institute of Mathematical Sciences, The Chinese University of Hong Kong, Mathematical Sciences Center, Tsinghua University, the Morningside Center of Mathematics, Chinese Academy of Sciences, the Shing-Tung Yau Center, National Chiao Tung University and the Taida Institute for Mathematical Sciences, National Taiwan University. To submit a paper, please contact the Editorial Assistant at yassist@tims.ntu.edu.tw. The 2015 institutional/individual rate for ICCM Notices is \$131 (US) and \$158 (outside US). The online-only rate is \$119. Subscription price includes shipping. Individual issues are \$50 list price. For more information, please visit <http://intlpress.com/ICCM>.

Geometry, Imaging and Computing

Editors-in-Chief: Xianfeng Gu (SUNY Stony Brook), Stanley Osher (UCLA), Chi-Wang Shu (Brown University), Stephen Wong (Methodist Hospital Research Institute) and Shing-Tung Yau (Harvard University)

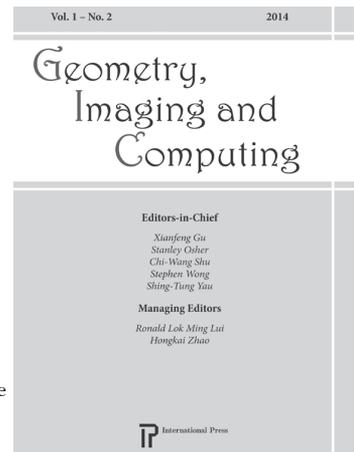

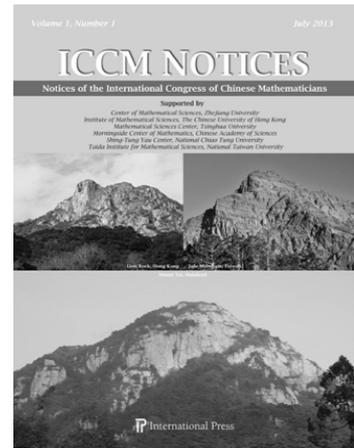

International Press of Boston is pleased to announce the journal *Geometry, Imaging and Computing* (GIC), which specialises in differential geometry-based modeling/computation in 3D and higher dimensions, with applications to imaging, computer visions, and graphics. Topics include computational differential geometry, geometry processing, shape analysis, shape registration, image processing, image analysis, image understanding, computer graphics, visions, and visualizations; with applications to science, medicine, engineering, and other fields. Published quarterly, the first issue was dedicated to Prof. David Mumford of Brown University, in honor of his 75th birthday, and in recognition of his tremendous contributions in applying geometry to imaging and computer visions. GIC invites submissions of papers addressing the relationship between geometry and imaging, and their numerical/computational aspects. All submitted papers will be peer reviewed. To submit a paper, or for further information, please e-mail gic@intlpress.com or visit intlpress.com/GIC. The GIC 2015 institutional print + online rate is \$368 (US) and \$405 (outside US). The online-only rate is \$209. The print-only individual subscription rate is \$145 (US) and \$176 (outside US). Subscription prices include shipping.

Cambridge Journal of Mathematics

Editors:

David Jerison (Massachusetts Institute of Technology), Mark Kisin (Harvard University), William Minicozzi, (Massachusetts Institute of Technology), Wilfried Schmid, editor-in-chief (Harvard University) and Horng-Tzer Yau (Harvard University)

The *Cambridge Journal of Mathematics* (CJM) selects and publishes papers of the highest quality, spanning the range of mathematics with an emphasis on pure mathematics. CJM aims for an efficient refereeing process and minimal backlog. International Press has committed itself to keep the per-page subscription prices comparable to prices charged by non-commercial publishers of mathematics journals. Publication began in 2013. CJM is published 4 times per year. Please send submissions or enquiries to any member of the editorial board. The 2015 institutional print + online rate is \$524 (US) and \$557 (outside US). The online-only rate is \$368. The 2015 rate for the individual print-only subscription is \$209 (US) and \$242 (outside US). For more information, please visit <http://intlpress.com/CJM>.
