

ERRATA, VOLUME 9

Azriel Lévy, *Comparison of subtheories*, pp. 942–945.

Page 943, line 18. Move S'_2 to the end of line 17.

Page 944, line 7. Move “B*—” to the end of line 6.

John Jones, Jr., *On nonlinear second order differential equations*, pp. 586–588.

Page 586, line 19. Delete from (i), “has a” and “lower bound for $x \geq 0$.”

———, line 20. Add to (ii), “continuously differentiable for $x \geq 0$.”

———, line 24. In equation (1) replace “ \leq ” by “ $=$ ”.

———, lines 26 and 27. Delete the first sentence in the proof of Theorem 1.

———, line 29. In equation (2), the expression after the summation should read

$$\frac{f_i y^{2i}}{2i}.$$

———, line 31. In equation (3), the expression after the summation should read

$$\frac{f'_i y^{2i}}{2i}.$$

ERRATA, VOLUME 10

George Seifert, *A note on periodic solutions of second order differential equations without damping*, pp. 396–398.

Page 397, line 25. “ $y(t_0)$ ” should read “ $\dot{y}(t_0)$ ”.

———, line 28. The outer set of parentheses in the expression for m should be replaced by absolute value signs.

———, line 29. The first “ k ” should be replaced by “ K ”.
