

Errata for “Computability Theory” by Rebecca Weber

Updates as of March 29, 2016

page 118, at the end of the construction: move on to stage $s+2$.

page 133, sentence before example 7.2.6: the role of A and B is swapped from that in the definition.

page 141, last line of the proof of Theorem 8.1.1: B_s should be B_x .
